

Resume

Fort Collins, CO · 970-420-9269 · creighton.hejduk@gmail.com

Experience

UI/UX Designer & Design Ops · Levelpath · *Mar 2024 – Apr 2026*

- Brought on to audit and rebuild the company's design system from the ground up
- Drove Design Ops initiatives in a fast-paced startup environment, establishing scalable processes for a rapidly evolving product
- Independently developed a component library and design language system months before industry-standard equivalents were publicly released
- Balanced systems thinking with hands-on execution across the full design lifecycle

UI/UX Designer · Pickup Studios · *Mar 2021 – Feb 2024*

- Designed user interfaces and experiences across the product suite
- Collaborated closely with product and engineering teams to ship consistent, high-quality UI

Property Manager · The Dealership · *Feb 2018 – Oct 2021*

- Managed day-to-day property operations, tenant relations, and facilities coordination
-

Skills

Design · Figma, Design Systems, Component Libraries, Design Ops, UI/UX

Development · HTML, CSS, Claude Code

Education

Shaker Heights High School · *Graduated 2017*

Remaining expertise is self-taught through professional practice and independent study.

About

Systems thinker with a strong focus on design systems and scalable UI architecture. Two years of experience in fast-paced startup environments. Known for proactive, forward-thinking work — including building a custom design system that mirrored industry solutions before they were publicly available.
